OVERVIEW.

The BMW R 1200 RS combines the power of a sports bike with the comfort of a tourer. Exceptional ergonomics, a variety of seat options and outstanding wind and rain protection give it a whole new feel on the road. And with innovative equipment options like the state-of-the-art Dynamic ESA (Electronic Suspension Adjustment), a choice of riding modes as standard – including ASC (Automatic Stability Control) – and a range of slick style options, it'll be the envy of other riders you come across on your next adventure.

[1] **Sport suit**
Take control of the streets in this professional-grade suit made of kangaroo and cowhide nappa leather. NP protectors, NP2 protectors and stainless steel sliders minimize the impact of any ground contact, while a 3D air mesh lining, schoeller®/keprotec® stretch inserts and TFL cool technology effectively regulate body temperature. Every element of the suit is designed to maximize performance, including the cut, which encourages riders to assume an aerodynamic racing position. The result is total domination, every time you take to the tarmac.

[2] **Two in One glove**
The multifunctional sport-style touring glove with twin-chamber technology is truly unique, allowing riders easily to switch chambers when weather conditions change. The PROOF moisture protection chamber is breathable, windproof and waterproof. It also features a lining which provides thermal insulation. The GRIP chamber features wafer-thin, abrasion-resistant kangaroo leather, for a crease-free, tactile fit.

[3] **SportDry boot**
Built for speed, tailored for comfort, SportDry boots are made of 2.2-mm cowhide leather and feature removable side and heel abrasion protectors. The breathable, windproof and waterproof GORE-TEX® membrane keeps your feet comfortable during the hottest overtaking manoeuvres, while rigid ankle protection (TCS), the shock absorber and the toe cap ensure you never lose your cool.

**BMW Motorrad Service**
BMW's extensive service network ensures your bike gets the care it deserves. There are over 150 BMW Service Centres in Germany alone, and if you’re off on your travels, you’ll find them in over 100 countries around the world. Their quality of service is assured by comprehensive training and systems.

**BMW Motorrad mobility services**
We pride ourselves on the quality of aftersales care we provide. Like BMW Motorrad mobility services: free, round-the-clock breakdown assistance whether you bought your bike new or as an Approved Used Bike.

If you have a breakdown in this country or elsewhere in Europe, our experts will do everything they can to get you back on the road. If they can’t fix the problem immediately, they’ll get you to your destination by other means.

Ask your BMW Motorrad Centre for more information, or visit www.bmw-motorrad.co.uk

**Datatag**
BMW Motorrad has joined forces with Datatag, the country’s leading provider of security marking solutions, to give BMW motorcycle owners an additional level of theft protection and peace of mind.

All BMW Motorcycles will be fitted with the Datatag’s industry-leading system to deter theft, free of charge. Datatag’s advanced system enables the identification of stolen motorcycles and parts, thereby assisting the police in prosecuting motorcycle thieves and making BMW motorcycles less attractive to criminals.

**Real Rider**
REALRIDER’s life saving, route recording, benefit-filled Smartphone App, lets you track your rides, record your points of interest and keeps you safe when you ride alone. Using Smartphone technology, if a crash is detected, REALRIDER connects an injured rider directly to the NHS Ambulance Control Room.

Each new bike purchase also comes with a complimentary 12 months REALsafe subscription as part of the REALsafe premium App. This is the only accident detection system App to be fully integrated into the NHS and when activated will enable emergency services to locate riders quickly and accurately.
